

### Godiva Festival - Sunday, Paradise Tent, 4.25pm

Those of you who attended the Godiva festival may have seen our pupil Liam Woodall.

Liam was CoventryLive's own recommendation.

Coventry kid Liam won the Godiva calling competition, earning the opportunity to perform in front of a huge crowd for the first time.

Speaking to CoventryLive before the festival, he promised to "take crowds on a journey".

### Coventry Soundlab at the Godiva festival

20<sup>th</sup> September 2018

Vincent Gale, Matthew young and Dayah Sagoo performed at the Godiva Festival with Sound-Lab Cov and also appeared in the BBC 1 Programme 'Inside Out'

These students have had access to fantastic opportunities because of their involvement with Sound Lab all through last year and have the chance to perform in front of crowds and at venues they would have not otherwise have had access to. This scheme really does provide once in a lifetime opportunities for musicians.

If any students would like to join Sound Lab - it is completely free.

It starts back on Saturday 22<sup>nd</sup> September 10am-4pm at City College. See <https://www.soundlab.org.uk/> for more details.

## So, how did they do?

Those of you who have been reading the newsletter all last year will remember these three young men who were studying for their GCSEs as well as performing at a very high level in trampolining. We interviewed them in April, asking what their plans were for the future and how they were managing to study and compete at the same time. We thought it only fair to give you an update on how they did in the summer and what they are up to now.

From left to right: Ryan has joined Stoke Park Sixth form studying Forensic Science, Sports and Geography. Tom has taken up an Engineering apprenticeship at MTGS in Coventry and Harrison has joined Stoke Park Sixth Form studying English, Geography and Psychology. All three are on track for the futures they had planned for themselves and we are glad that we have been able to help them on their way to success so far.
